Survivor During COVID

Ms. H. called in to get relocation assistance after numerous assaults displaced her and her family. She fled their home after feeling it was no longer safe for her and her four children. She was staying with a family friend in a one bedroom apartment and her children started to struggle with the displacement. She reached out to CAFY to assist with rental assistance and counseling. Ms. H. has now moved in with the assistance of the State's Attorney's office and CAFY working with the apartment building to place her. She is currently working at a new job and her family will soon participate in counseling to deal with the trauma.
